

SMART TECHNOLOGIES FOR MEDITERRANEAN COUNTRIES

From Smart Homes to Smart Cities: Innovation and Technological Integration in Southern Italy

Smart Building Levante Plant innovation for Building 4.0 from 20th to 30th June 2022

EEN ON-LINE MATCHING EVENT

Enterprise Europe Network, the largest network in support of SMEs oriented to foreign markets, will be present at Smart Building Levante 2022, the reference trade fair in Southern Italy for innovation in plant engineering of buildings and cities, scheduled from 12 to 14 May at the “Fiera del Levante” in Bari.

The collaboration among ENEA, Unioncamere Puglia and CETMA, partners of EEN, and Smart Building Levante, has led to the creation of the **B2B matching event** dedicated to the internationalisation of SMEs in the sector of advanced technologies for home building automation, system integration, domotics, security and energy use, with a special focus on technologies for the containment of global warming.

The matching event will take place online from 20 to 30 June. You can participate free of charge by registering on the <https://smart-building-levante-2022.b2match.io/>.

Enterprise Europe Network promotes the participation of Small and Medium Enterprises in European Union initiatives; it helps companies to improve their competitiveness and to confront themselves in an international dimension and supports the processes of innovation and technology transfer. The Network's experts offer effective paths for competitive SMEs to grow abroad. The Network supports the development of your business with personalised assistance, partner search and guidance on financial facilities. The services are free of charge.

The Network is active in more than 60 countries worldwide and brings together 3,000 experts from over 600 organisations including chambers of commerce, regional development agencies, universities and research centres, providing support to more than 2.6 million SMEs.

Register for free on the matching platform

Through a simple and free registration, you can access the <https://smart-building-levante-2022.b2match.io/> and initiate your contacts with potential international partners.
